Dismissal

Please be prompt at pick-up. Each student will be signed out and dismissed individually. Please notify staff of anyone picking up the student other than those on the emergency contact form. Persons not known to staff will be required to provide identification. If a student is not picked up within 10 minutes of dismissal, each person on the emergency contact form will be contacted prior to request of police assistance. The child will be well cared for and protected, will not be held accountable for the situation and it will not be discussed with the child.
