Activities

Theme: *Butterflies*

Last week we learned about different forms of transportation, painted an intersection with a car, continued work on our Mom portraits, and Miss Diane from the Riverside Library read to us. For science we used a simple machine, a ramp, to see how far marbles rolled in the gym. We also released some of the Painted Lady butterflies that we raised from caterpillars.

This week we will have a culmination of our long butterfly project, make two butterfly crafts and play with Shrinky Dinks.
