

What a Week!  
February 6, 2026

Theme: Light & Shadow

## Weekly Recap

Fun week of learning about the Groundhog in real life as well as the myth behind him. Woodstock Willie predicts an early spring. We hope he's right because we're dying to get outside! Miss Kathi shared story time with us again this week. We also have a new weekly guest, Mrs. Alice McLean, who reads on Thursdays from 12:30 - 1:00. Alice has twin adult daughters who were preschool students here. Recently retired, she's excited to share her favorite books and stories with the current crop of kiddos.

## A Look Ahead...

Monday our favorite Riverside Librarian Miss Fran will share story time. Tuesday Dr. Orland will teach us about dental hygiene (February is Dental Month). Thursday we will celebrate Valentine's Day! Friday and the following Monday there is no school.
