

What a Week!
May 1, 2026

Theme: Birds

Weekly Recap

Did you see the taxidermied owl that Mrs. Teune (grandmother of Jay and Lucia) brought in? It's on loan - living on the counter in the circle room for just a few days. This was a highlight of the week! Others were all the parent guests playing and reading with us!

A Look Ahead...

After bird week is Butterflies, Bees and all other Insects week. We will observe caterpillars grow and form a chrysalis, likely releasing them in butterfly form the following week. We're packing in a lot of parent guests. It's also METRA safety month so we will have a visitor talk with us about how to be safe in a town with trains.

Last day(s) of School Details:

Thursday, May 21 at 6:00 pm is the end of year show and graduation. Doors will open at 5:45 for parents and other family and friends to be seated. Children will come upstairs to prepare. After the event we'll enjoy some snacks in the social hall. Please bring a sweet or savory to share.

Friday, May 22 is the last day of school. We're planning a 2 ½ hour party with bubbles, balloon animals, face painting, ice cream and more! The day ends at 11:00 am.

Summer Camp has 5 openings for the week of June 22 only. Do you know of a neighbor or friend who needs a warm, fun environment for their child(ren) while they take on a special home project or some other activity requiring child-free time? Please send them our way!

The team received word of the special kindness planned for Teacher Appreciation Week and appreciate all of you for showing the love!
